## Areas Of Life (HRCM)

The biggest mistake people make while creating affirmations is to ignore 1 or more areas of life. When you ignore the tuning in 1 area of life, due to that area the other areas also go out of tune.

Think of it like a Guitar with 4 Strings – even if 1 string is out of tune, the guitar cannot create harmonious music. If you don't create and say affirmations for all 4 areas of your life, your life is not in Harmony. Makes sense right? (Say YES! )

The 4 Areas of our life are – HRCM, make sure you take the time to create and say your affirmations for all 4 areas of your life.

Do you Promise me right now that you will create Affirmations for all 4 areas of your life? (Say YES! )

## 4 Rules Of Affirmations

**What are Affirmations? – Statements with Specific words to Tune your Frequency with your Goals!**

I also promise you, that if you break these rules, your affirmations frequency will not be tuned to match your desired Goals.

Because these are universal rules based on science, so are you ready to learn these 4 Rules of Affirmations? (Say YES! )

- **Specific Statements with End Result**

Always make statements which are Specific, not generic. And make sure your statements are based on End Result not process.

Which means don't include the HOW part, just the Specific End Result. Here are some examples in all 4 areas of life.

- **Statements made in Present & Positive Tense only**

Describe what you want as if you already have it with Positive Words, make sure you have not used any negative word.

- **Add Feeling Energy Masala**

Remember why Law of Attraction works? Because of Energy and Energy and the Frequency of Energy.

Remember what is our Energy Frequency made of? FTBA, remember! Our Feelings, Thoughts, Beliefs & Actions!

the Feeling words our Affirmations are missing the Energy Frequency required to attract our Goals.

Just ask yourself – What would you feel the day you really achieve this Goal? Now include those genuine and powerful feeling words in your Affirmations.

## • Finally Say your Affirmations with High Energy

Now this is the final and the most powerful rule which most people break.

Put yourself in a High Energy State and then say your Affirmations with very High Energy. This is the rule that really makes the Frequency tuned perfectly to your Goals. The Biggest Problem is that most don't know how to do this part properly.
